

Sainte-Anne's University (Halifax campus) has selected Teacher Certified Tutoring (TCT) to host their new French second language training courses. They will be using the latest online technologies to provide quality language training for government employees, business executives as well as clients from the private sector. Teaching occurs online in a one-on-one format or small group training. Courses will begin in January, 2007. Combining TCT's learning management system with Elluminate Live's software, students can talk over the Internet, chat online, share whiteboards and applications- all while ensuring the highest quality user experience. It's affordable and flexible.

In the new year, Teacher Certified Tutoring will also be offering adult Spanish courses as well as French Guided Reading sessions (Grade 1-2). If you or your organisation would like to take advantage of course offerings or TCT's online learning management system, please contact Shelley LeBlanc at [teacher@teachercertifiedtutoring.com](mailto:teacher@teachercertifiedtutoring.com) or call 229-8922
